VERSE 1

E A
The fog is lifting off the glass
C#m E
I watch the miles go flying past
A C#m
I packed the rest of what I own
E A
I'm disconnecting from the phone
C#m E
The coffee cup is finally cold
A C#m
I'm feeling young and looking old
E A
I woke up from the fever dream
C#m E
And ripped the stitching from the seam

CHORUS

A **C#m**
Someday I'm gonna get it right

E **A**
Someday I'll sleep throughout the night

C#m **E**
I'll find a place where I belong

A **C#m**
And I won't always be so wrong
E **A**
Someday the static turns to sound
C#m **E**
But right now I'm just coming down
A **C#m**
Yeah, someday...
E **A**
But not today.

VERSE 2

C#m **E**
We ran in circles for a year
A **C#m**
Driven by the noise and fear
E **A**
I saw your ghost in every face
C#m **E**
But now I'm leaving this empty place
A **C#m**
You said that we were meant to be
E **A**
A tragedy on color TV
C#m **E**
But the screen is flickering and black
A **C#m**
And there is no point in looking back

CHORUS

E **A**
Someday I'm gonna get it right
C#m **E**
Someday I'll sleep throughout the night
A **C#m**
I'll find a place where I belong
E **A**
And I won't always be so wrong
C#m **E**
Someday the static turns to sound
A **C#m**
But right now I'm just coming down

E A

Yeah, someday...

C#m E

But not today.

Chords auto-estimated from the song's audio (bass = roots, guitar/synth = quality) and snapped to the detected key — a best-effort transcription, not a hand-verified score. To check accuracy, play the MIDI against the original recording (the verify player, when present, does this for you). Chord positions over the words are approximate to the repeating loop.
