VERSE 1

D **G**
The gravity is focused here
Bm **D**
Behind the eyes, behind the ear
G **Bm**
I'm carrying a cannonball
D **G**
I'm bracing for the inevitable fall
Bm **D**
The neck is stiff, the spine is bent
G **Bm**
I'm wondering where the hours went
D **G**
I cannot lift it off the chest
Bm **D**
I cannot find a place to rest

CHORUS

G
My tired head
Bm **D**
Is filled with lead
G **Bm**
I'm hanging by a spider thread

D

My tired head

G **Bm**

The static noise

D **G**

Destroys the poise

Bm **D**

I'm losing all the little joys

G **Bm**

Inside my tired head

D

(So heavy)

VERSE 2

G **Bm**

The pillow feels like solid stone

D **G**

I'm aching in the marrow bone

Bm **D**

The thoughts are grinding out a groove

G **Bm**

I'm paralyzed, I cannot move

D **G**

I try to close the mental blinds

Bm **D**

To leave the wreckage far behind

G **Bm**

But pressure builds inside the skull

D **G**

A dull and unrelenting pull

Chords auto-estimated from the song's audio (bass = roots, guitar/synth = quality) and snapped to the detected key — a best-effort transcription, not a hand-verified score. To check accuracy, play the MIDI against the original recording (the verify player, when present, does this for you). Chord positions over the words are approximate to the repeating loop.
